Accreditation/Curriculum

HB 78 Gary Branae
Trustees to determine conduct of school on Saturdays in emergency
Chapter Number: 21 Effective Date: 2/13/03

HB 78 transfers the responsibility for determining when school can be conducted on a Saturday from the State Superintendent to the Board of Trustees of the school district.

HB 285 Roy Brown
Revise laws related to military status
Chapter Number: 271 Effective Date: 4/9/2003

HB 285 provides that military recruiters have the same access to student records as other recruiting groups and organizations. This access includes directory information that may be released about students pursuant to the Family Educational Rights and Privacy Act.

HB 366 Paul Clark
Certain school district trustees to meet quarterly
Chapter Number: 86 Effective Date: 7/1/2003

HB 366 allows any school district, other than a first class elementary district, to hold quarterly meetings rather than specifying the months the meetings must be held.

HB 542 Eve Franklin
Revise occupational therapy practice laws
Chapter Number: 101 Effective Date: 10/1/2003

HB 542 revises the definition of occupational therapy as a therapeutic goal-directed activity addressing disease or disorders that interfere with a person's ability to function independently in daily life. It adds a definition of occupational therapy assistant to include a licensed person who works under the general supervision of an occupational therapist.

HJ 8 Carol Juneau
Study drop-out issues with regard to Indian students
Chapter Number: N/A Effective Date: N/A

Montana's American Indian students drop out of public schools at an average rate of 10.4%, which is more than twice the dropout rate of 4.2% for all Montana students. HJ 8 requested the Legislative Council to designate an interim committee to

work in collaboration with the Board of Public Education, the Board of Regents, the Office of Public Instruction, the Interagency Coordinating Council, local school districts, tribal education departments, and educational organizations throughout the state to gather information relating to the dropout rates, graduation rates, and at-risk factors among American Indian students in Montana's public schools; to develop a strategic state plan to reduce the dropout rate among all students; and report findings of the study and recommendations to the 59th legislature. The objective of this study is to break the cycle of at-risk factors and significantly reduce the dropout rate, while increasing the graduation rate, among Montana's American Indian students. Legislative Council assigned HJ 8 to the State-Tribal Relations (STR) Committee.

HJ 10 Bob Lawson
Personal finance education in public schools
Chapter Number: N/A Effective Date: N/A

HJ 10 is a resolution urging the Board of Public Education to integrate the principles of basic personal finance into the content and performance standards established for Montana's public schools and urging the boards of trustees of Montana's school districts to implement the standards into their school curricula.

HJ 36 Jeff Pattison
Urge U.S. Supreme Court to overturn Pledge of Allegiance ruling
Chapter Number: N/A Effective Date: N/A

The Senate and House of Representatives passed a joint resolution urging the United States Supreme Court to overturn the decision of the Ninth Circuit Court of Appeals finding that a teacher-led recitation of the Pledge of Allegiance and the statute inserting the words "under God" into the Pledge of Allegiance violated the establishment clause contained in the First Amendment to the United States Constitution.

SB 81 Mike Cooney
Honorary diplomas for certain veterans
Chapter Number: 171 Effective Date: 3/28/2003

SB 81 authorizes the Superintendent of Public Instruction to award honorary diplomas to eligible current or former Montana residents who did not receive diplomas due to military service during World War II, the Korean War or Vietnam War.

SB 380 Keith Bales
Authorize formation of student banks
Chapter Number: 340 Effective Date: 7/1/2003

SB 380 authorizes the trustees of a high school or K-12 school district to establish a student financial institution at a high school. A "student financial institution" is defined as a financial institution that:

- (a) is operated as a high school education program;
- (b) is adopted by a school district board of trustees;
- (c) is advised by but not owned by one or more state-chartered or federally chartered financial institutions, limited to a state or national bank, a state or federal savings and loan association, a trust company, an investment company, or a state or federal credit union;
- (d) is located on property owned by a high school district or a K-12 school district;
- (e) has as its customers only those students who are enrolled in the high school in which the institution is located; and
- (f) has a written commitment from the school district board of trustees guaranteeing reimbursement of any depositor's funds that are lost due to insolvency of the student financial institution.

SJ 2 Don Ryan

Urge healthy school nutrition and physical activity

Chapter Number: N/A

Effective Date: N/A

SJ 2 urges the Montana legislature to support a healthy school environment by urging school districts to offer nutritious food and beverage choices and by providing opportunities for physical activity. The Superintendent of Public Instruction is to distribute a copy of the resolution to every school district in Montana.

Appropriations

HB 2 Dave Lewis
General appropriations act
Chapter Number: 612

Effective Date: 7/1/2003

HB 2 contains the majority of state agency appropriations for the biennium beginning July 1, 2003. The appropriations include approximately \$17 million in each of the next two fiscal years for Office of Public Instruction (OPI) operations and technical assistance to schools, and approximately \$640 million each year for distributions of state and federal aid to local education agencies. In addition to the appropriations in HB 2, OPI is statutorily appropriated \$92 million from the state guarantee account for K-12 BASE aid payments to schools.

For K-12 education, HB 2:

Increases K-12 BASE aid by \$6.3 million in FY2004 and by \$14.2 million in FY2005 to implement the various pieces of legislation that affect the amount of K-12 BASE aid, and decreases it by \$3.2 million in FY2004 and by \$11.9 million in FY2005 due to declining enrollments.

Increases the appropriation for state transportation aid payments to schools by \$1.7 million each year to implement changes to the funding formula in SB 424.

Increases the state payment for special education costs in FY2005 by \$1.5 million.

Increases the biennial appropriation for school facility payments to schools by \$8 million. The increase is a result of changes to the funding formula adopted in SB 424.

Appropriates a biennial increase of more than \$65 million for payments to local education agencies from existing, on-going federal grants. The increase is due in part to the "No Child Left Behind Act of 2001" that reauthorized the Elementary and Secondary Education Act of 1965.

Decreases the appropriation for HB 124 block grants to schools and counties by \$16.2 million in FY2004 and by \$16.4 in FY2005 to reflect the diversion of block grants adopted in SB 424 and and the adjustments in SB 454.

Appropriates payments to local education agencies from five new federal grants totaling \$13.1 million for the 2005 biennium. The five new grants are the Community Service Grant Program, Character Education, Reading First, REI/Rural Low Income Schools, and Title IV 21st Century Community Learning Grants.

Provides no funding for the school flexibility fund, but does provide up to \$5 million in appropriation authority in the event any grants can be identified that are designated for school district staff recruitment, retention or retirement incentives.

Schools will receive state technology fund grants again in FY2005. The amount distributed to schools will depend on the volume and price of timber harvested from state school trust lands.

HB 3 John Brueggeman
Supplemental appropriations bill
Chapter Number: 494 Effective Date: 4/25/2003

HB 3 gives the Office of Public Instruction (OPI) additional appropriation authority to complete FY2003 K-12 BASE aid payments based on the budget data submitted to OPI by school districts and counties.

HB 429 Dave Kasten
Create property tax exemption study committee
Chapter Number: 160 Effective Date: 3/28/2003

HB 429 establishes a committee to conduct a study of property tax exemptions and determine whether property tax exemptions contribute to or impede the goal of an equitable property tax system. The committee is directed to make recommendations to the Governor and the legislature as to whether existing property tax exemption laws should be modified or repealed in order to achieve the goal of an equitable property tax system. The committee is composed of ten members, one of whom must be a representative of K-12 public schools appointed by the Governor. The committee will be attached to the Department of Revenue for administrative purposes. The study is funded with a \$6,000 general fund appropriation.

HB 736 Roy Brown
K-12 public school renewal commission
Chapter Number: 548 Effective Date: 5/1/2003

HB 736 establishes a public school renewal commission to propose reforms in the areas of the revenue available for public education; the structure of school district governance; the methods of funding public education; the role of state government in public education; and the role of the federal government in public education. Core membership of the renewal commission includes the Governor, the chair of the Board of Public Education, the Superintendent of Public Instruction, the Speaker of the House, the President of the Senate, the minority leader of the House, and the minority leader of the Senate. Core members may select a designee. In addition, the commission shall include representatives appointed by the Governor from 10-25 entities and a representative from the juvenile corrections division of the department of corrections. The renewal commission will submit a report of its findings and recommendations to the Education and Local Government interim committee by

September 15, 2004. The Board of Public Education received a \$10,000 general fund appropriation for the commission beginning July 1, 2003. Donations will also be accepted for carrying out the duties of the renewal commission.

HJ 2 Ronald Devlin

Revenue estimating resolution

Chapter Number: N/A

Effective Date: N/A

HJ 2 lists the actual and estimated revenues for all general fund and certain non-general fund state revenue sources for state fiscal years 2003 through 2005. The resolution articulates many of the economic assumptions that drive the revenue estimates. General fund revenues projections are shown below:

	<u>FY2003</u>	<u>FY2004</u>	<u>FY2005</u>
HJ 2 General Fund Revenues (millions)	\$1195.014	\$1241.443	\$1296.456
Legislative Impacts	<u>\$ 27.709</u>	<u>\$ 69.396</u>	<u>\$ 38.601</u>
Total General Fund Revenues	\$1222.723	\$1310.839	\$1335.057

A detailed description of the general fund and other non-general fund revenues can be found in the *Legislative Fiscal Report 2005 Biennium, Volume 2 – Revenue Estimates*. This report is produced by the Legislative Fiscal Division and can be found on the Legislative website at

SB 41 Joe Tropila

Revise designation of school for deaf & blind

Chapter Number: 72

Effective Date: 3/17/2003

SB 41 redefines the Montana School for the Deaf and Blind as a state-supported special school and eliminates use of the term "institution" in the definition.

SB 43 Joe Tropila

Make optional fee for services collected by deaf & blind school

Chapter Number: 74

Effective Date: 10/1/2003

SB 43 drops the requirements and makes it optional that the Montana School for the Deaf and Blind (MSDB) charge public schools or other responsible agencies for assistance received through the MSDB.

SB 202 Royal Johnson**Expand use of teacher certification fees****Chapter Number: 173****Effective Date: 10/1/2003**

SB 202 allows the Board of Public Education (BPE) to use a portion of the teacher certification fee for activities in support of the Board's constitutional and statutory duties. This gives the BPE additional flexibility in the use of the teacher certification fees it currently controls.

SB 407 Bob DePratu**Income tax reduction with revenue from limited sales tax****Chapter Number: 544****Effective Date: Sections 1-39, 47 & 49-62 - 4/30/03
Sections 40-46 and 48 - 1/1/05**

SB 407 creates a sales and use tax of 3% on accommodations and campgrounds (effective June 1, 2003) and 4% on the base rental charge for rental vehicles (effective July 1, 2003). Lodging facilities and campgrounds are exempt from the tax until October 1, 2003 for contracts entered into prior to April 30, 2003 that provide for a guaranteed charge for accommodations or campgrounds. Sales and use tax revenue is deposited into the state general fund.

SB 407 makes several changes to the individual income tax laws.

The legislation provides for a capital gains tax credit. An individual taxpayer is allowed a credit against individual income taxes in an amount equal to 1% of the taxpayer's net capital gains for tax years 2005 and 2006 and 2% of the taxpayer's net capital gains for tax years beginning after 2006. The credit may not exceed the taxpayer's income tax liability.

SB 407 lowers the maximum tax rate to 6.9% on any taxable income in excess of \$13,900, effective January 1, 2005.

Federal income tax deductibility is limited to \$5,000 for individuals or \$10,000 per married couple.

A Montana resident is allowed a credit against the taxes imposed for the resident's distributive share of any income tax imposed by another state or country by a partnership of which the resident is a partner.

SB 407 raises the cigarette tax to 70 cents per pack effective May 1, 2003. The allocation of the cigarette taxes is as follows:

8.3% or \$2 million, whichever is greater, for state veteran's nursing homes (DPHHS);
4.3% to the long-range building program; and
the remainder to the state general fund.

SB 407 is projected to generate an additional \$5.79 million for the state general fund in FY2003; \$40.54 million for the general fund in FY2004; and \$24.11 million in FY2005. The net increase to the state general fund is projected to be \$70.44 million for the 3-year period.

SB 485 John Cobb**Transfer some tobacco settlement proceeds to human services account****Chapter Number: 608****Effective Date: 7/1/2003**

SB 485 revises the allocation and use of approximately \$12 million (2005 biennium) of tobacco settlement proceeds to a prevention and stabilization account to be used by the Department of Public Health and Human Services to help fund health and human services. The bill also allows the use of the tobacco funds to provide state matching funds for the Medicaid program. The bill sunsets on June 30, 2005.

SJ 26 John Bohlinger**Urge just compensation for impact of federal land ownership on public education funding****Chapter Number: N/A****Effective Date: N/A**

SJ 26 was introduced at the request of the Senate Local Government Standing Committee. This joint resolution of the Senate and the House of Representatives urges Congress to appropriate just compensation to the State of Montana for the impact of federal land ownership on the State's ability to fund public education. A copy of the resolution will be sent by the Secretary of State to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives and the Montana Congressional Delegation.

At-Risk Youth

HB 153 Norman Ballantyne
Revise child advocate requirements for special education
Chapter Number: 16 Effective Date: 2/11/2003

HB 153 adjusts who may be nominated as a surrogate parent in the context of special education. Persons who are employed by the state or by the local education agency that is providing educational services to the child may not be nominated as a surrogate parent.

HB 156 Gary Matthews
Clarify youth court act - revise misdemeanor commitment to correctional facility
Chapter Number: 157 Effective Date: 10/1/2003

HB 156 prevents courts from placing a delinquent youth in a state youth correctional facility for an act that would be a misdemeanor if committed by an adult. Exceptions to this limitation include youth who have committed four or more misdemeanors in the prior 12 months, youth whose evaluation recommends placement in a correctional facility, and youth who are a danger to the public.

HB 266 Hal Jacobson
Revise law on telecommunication services for disabled
Chapter Number: 417 Effective Date: 7/1/2003

HB 266 revises the way the Montana telecommunications access program uses funds generated by the 10 cents-a-month fee charged on each telephone line. It removes the requirement for assisting facilities in obtaining infant hearing screening equipment, allows certain funds to be used for hearing-impaired services from the Montana School for the Deaf and Blind, and sets the family income level at less than 250 percent of the federal poverty level in order for families to access special communications equipment needed for individuals with deafness.

HB 524 Scott Mendenhall
License outdoor behavioral programs
Chapter Number: 348 Effective Date: 7/1/2003

HB 524 requires that the Department of Public Health and Human Services provide for the licensure of outdoor behavioral health programs (aka, wilderness programs) that accept public funds. The outdoor behavioral health programs include programs that treat the behavioral health of youth, charge a fee, and provide all or part of their services in the outdoors. Recreation programs such as Boy Scouts and 4-H clubs are not included. Licensure standards will include a variety of requirements such as staffing, health and safety, transportation, and others.

HB 722 Edith Clark**Provider tax on intermediate care facilities****Chapter Number: 531****Effective Date: 4/29/2003**

HB 722 imposes a utilization fee (bed tax) on intermediate care facilities for the mentally retarded (Boulder and Eastmont). The fees are available for leveraging federal Medicaid funds. Funds generated from the utilization fee go into the prevention and stabilization account to be used to support programs that would have otherwise received additional cuts, including child care, mental health, prescription drugs, and others. The law applies retroactively to tax years beginning after December 31, 2002.

SB 42 Joe Tropila**Track educational services provided to sensory impaired children****Chapter Number: 73****Effective Date: 10/1/2003**

SB 42 adds to the responsibilities of Montana School for the Deaf and Blind the establishment of a tracking system for children whose hearing or sight is impaired. This tracking system is intended to begin from the time of impairment identification through the child's exit from intervention or educational services.

SB 76 Trudi Schmidt**Revise statutes to conform to federal IDEA****Chapter Number: 479****Effective Date: Date Congress requires all states to implement changes required by reauthorization of IDEA**

SB 76 eliminates certain special education definitions to comply with anticipated changes expected to occur during the reauthorization of the Individuals with Disabilities Education Act (IDEA). Definitions of disability conditions will rely on federal law. Children, ages 3 through 5, will need to be identified with the specific disability being specified or as having a developmental delay. The law is effective on the date by which Congress, in the reauthorization of the Individuals with Disabilities Education Act, requires all states to implement the changes required by reauthorization.

SB 94 Emily Stonington**Extend multi-agency children's initiative****Chapter Number: 118****Effective Date: 7/1/2003**

SB 94 extends the Multiagency Children's Initiative for serving students with serious emotional disturbance. The initiative is intended to support the establishment of a "system of care" by emphasizing unified care and treatment planning, interagency collaboration, and comprehensive and individualized services. A Children's System of Care Planning Committee is established with responsibilities that include, among other

things, promoting the development of in-state services to assist in returning children from out-of-state placements.

SB 95 Emily Stonington
Revise child abuse and neglect laws
Chapter Number: 504 Effective Date : 10/1/2003

SB 95 revises various laws relating to adoption and child abuse and neglect. It establishes a definition for "kinship foster home" and "youth shelter care facility." The bill also clarifies the term "physical or psychological harm to the child" to include such things as exploitation, malnutrition, abandonment, and others. Various procedures are also revised that must be followed by courts and Child Protective Services for children needing immediate protection and emergency protective services.

SB 113 John Esp
Separate licensure of intermediate care facilities for developmentally disabled
Chapter Number: 403 Effective Date: 7/1/2003

SB 113 defines and establishes licensure for intermediate care facilities for the developmentally disabled. An intermediate care facility for the developmentally disabled provides care, including 24-hour nursing care for two or more developmentally disabled persons, but does not include settings such as community homes for persons with developmental disabilities.

Failed Legislation -- At-Risk Youth

HB 726 Christine Kaufmann
Allow Medicaid funding for foster children under 21 years of age

SB 25 Jeff Mangan
Youth with serious mental health problems placed in appropriate treatment

SB 196 Sam Kitzenberg
Schools notified by law enforcement of certain offenses by students

SB 314 Bea McCarthy
Adjusting eligibility for CHIP

SB 346 Bob Keenan
Provide administrative support for multiagency children's system of care initiative

Elections

HB 87 Larry Jent
Ban punch ballot voting systems
Chapter Number: 320 Effective Date: 4/15/2003

As of December 31, 2003, punch ballot voting systems will no longer be legal in Montana.

HB 155 Larry Jent
Revise voting system technologies and vote counting process
Chapter Number: 414 Effective Date: 10/1/2003

HB 155 implements the new provisions of the federal Help America Vote Act. This act has implications for the way school elections are conducted. The Secretary of State will be holding workshops on the new regulations for election administrators. School election officials need to work with their county election administrator to familiarize themselves with the new requirements and procedures. A companion bill is HB 190.

HB 190 Cindy Younkin
Revise certain election laws
Chapter Number: 475 Effective Date: 1/1/2004

HB 190 is the major piece of state legislation to implement the federal Help America Vote Act (HAVA). The national act will require many changes in the way Montana conducts elections. In addition to the changes required by HAVA, the Secretary of State will require several activities that go beyond the federal regulations. These include such things as a requirement that all voters show identification before voting and changes in absentee voting. School election clerks need to contact their county election administrator to learn more about these changes in how we conduct Montana elections.

HB 198 Carol Lambert
Clarify requirements for ballot language
Chapter Number: 132 Effective Date: 10/1/2003

HB 198 requires that the language in statements of implication for ballot measures be written so that a positive vote indicates support for the measure and a negative vote indicates opposition to the measure.

HB 563 Jeff Laszloffy

Revise election laws

Chapter Number: 367

Effective Date: 10/1/2003

HB 563 prohibits the collection of applications for absentee ballots by third parties. If an individual elector wants to apply for an absentee ballot, only the elector, an immediate family member or a guardian may make the application on the individual's behalf. The elector must mail the application for an absentee ballot directly to the election administrator or deliver the application in person.

Failed Legislation -- Elections

HB 138 Dave Lewis

Advertisement for school board trustee elections

HB 719 Alan Olson

Revise laws governing ballot measures

SB 165 Mike Cooney

Revise laws on breaking tie votes in elections

SB 212 Sam Kitzenberg

Mill levy election if school funding changed during fiscal year

SB 296 Mike Taylor

Revise election filing fees

Employment Relations

HB 13 Dave Lewis
State employee pay plan
Chapter Number: 552

Effective Date: 7/1/2003

HB 13 is the "state employee pay bill." The bill raises all state employees' pay 25-cents an hour beginning in January 2005 and increases the state's contribution to each employee's health insurance premium by up to \$94 per month over the next two years. The pay raise and insurance contribution will be funded through vacancy savings at the rate of 6.5 percent.

HB 35 Hal Jacobson
Include National Guard veterans in public employer preference law
Chapter Number: 24

Effective Date: 10/1/2003

HB 35 expands the public employer employment preference to include National Guard members who have served 6 years in the Montana Army or Air National Guard. It also eliminates the eligibility requirement to have served 180 days active duty.

HB 44 Frank Smith
Revise rate for purchase of military service for PERS
Chapter Number: 26

Effective Date: 7/1/2003

HB 44 allows defined benefit retirement system members with at least five years of membership service to purchase military service. By law, the amount of service which may be purchased is limited to five years in combination with some other service purchases.

HB 69 Frank Smith
Revise laws relating to notaries public
Chapter Number: 12

Effective Date: 10/1/2003

HB 69 changes the laws for notaries public by requiring them to list the name of the town or city where they reside and to type, stamp or print their name underneath their signature.

HB 143 Carol Lambert
Limit PERB liability for improper employer reporting
Chapter Number: 38 Effective Date: 2/19/2003

HB 143 provides that plan fiduciaries are not liable for investment losses that result from incorrect reporting by an employer or agency.

HB 183 Donald Steinbeisser
Uniform notice format for health insurance changes
Chapter Number: 384 Effective Date: 1/1/2004

Effective January 1, 2004, every health insurance issuer delivering group or individual insurance coverage must give a group policyholder at least 60 days' advance notice and an individual policyholder at least 45 days notice of a change in rates or a change in terms or benefits. If the health insurance issuer fails to provide the required notice, the coverage remains in effect at the existing rate with the existing benefits until the full notice period has expired or until the effective date of the replacement coverage obtained by the insured, whichever comes first.

A health insurance issuer must provide at least 15 days prior notification of cancellation for nonpayment of premium for group health insurance.

HB 213 Dave Gallik
Housekeeping bill for retirement systems administered by MPERA
Chapter Number: 429 Effective Date: 7/1/2003

Each legislative session, the MPERA Board submits proposed amendments to revise the statutes for the public retirement systems it administers. A few of the changes include:

1. A PERS member with at least 5 years of service may purchase up to 5 years of the member's reserve military service.
2. Members may now designate their estate as a beneficiary, in addition to natural persons, charitable organizations, or trusts for the benefit of living persons.
3. PERS members retiring after October 1, 1999, and choosing Option 2 or 3 have, under limited circumstances, been allowed to revert to the retirement benefit available to them at retirement. Now these members may either revert to their original retirement benefit or elect a different option and name a different contingent annuitant.

HB 230 Ron Erickson
Revise time for payment of wages
Chapter Number: 301 Effective Date: 4/14/2003

HB 230 allows an employer to pay an employee in the next pay period if an employee submits a timesheet after the employer's deadline for processing timesheets.

HB 264 Carol Gibson
Require elected county officials to comply with personnel policies
Chapter Number: 112 Effective Date: 10/1/2003

HB 264 allows a board of county commissioners to require all county officers to supervise staff in a manner that complies with personnel policies and procedures adopted by the county governing body.

HB 338 Jim Keane
Increase unemployment benefits
Chapter Number: 432 Effective Date: 4/21/2003

HB 338 increased the maximum weekly unemployment insurance benefit amount from 63% to 66.5% of the average weekly wage. It also increased the length of time for which an individual is eligible for unemployment insurance benefits from 26 to 28 weeks. These increases apply to claims for benefits filed on or after October 1, 2003.

HB 410 Cindy Younkin
Revise work comp for de minimus travel reimbursements
Chapter Number: 435 Effective Date: 4/21/2003

HB 410 creates a distinction between an incentive paid to a worker (typically as part of a collective bargaining agreement) to travel as opposed to reimbursement for travel expenses and provides that a worker receiving an incentive is not in the course and scope of their employment if injured while traveling. This bill is effective April 21, 2003 and applies to claims for injuries occurring on or after that date.

SB 7 Edward Butcher
Exempt local elected officials from lobbyist registration fee
Chapter Number: 52 Effective Date: 2/26/2003

SB 7 defines several terms used in connection with lobbying laws and exempts legislators, public officials, elected local officials, elected federal officials and elected tribal officials from paying a lobbyist registration fee while acting in an official governmental capacity.

SB 66 John Bohlinger
Reduce the years of service required for PERS member to buy military service
Chapter Number: 289 Effective Date: 7/1/2003

SB 66 allows defined benefit retirement system members with at least five years of membership service to purchase military service. By law, the amount of service which may be purchased is limited to five years in combination with some other service purchases.

SB 108 Walter McNutt
Generally revise workers' compensation laws
Chapter Number: 193 Effective Date: 7/1/2003

SB 108 clarifies an issue resulting from a recent lawsuit regarding in and out of state employers. It added a category of employment NOT covered by the Montana Workers Compensation Act as "(u) employment of a person who is not an employee or worker in this state as defined in 39-71-118(10)" MCA. It also established a \$200 penalty for any employer that fails to obtain workers' compensation insurance within 30 days of notice of requirement.

SB 110 Ken Toole
Coordinate PERS status for PERS member elected to PERS covered office
Chapter Number: 402 Effective Date: 4/17/2003

SB 110 revises and clarifies options for state and local officials to choose or decline membership in a PERS-covered elected position. It also allows TRS retirees who are elected to the position of County Superintendent after 1995 to choose not to participate in TRS as an active member and to continue to receive their full retirement benefit. The bill does not allow active TRS members to "unelect" membership and retire after they are elected to the position.

SB 145 John Bohlinger
Participants in federal volunteer programs to purchase PERS service
Chapter Number: 292 Effective Date: 10/1/2003

A vested member of PERS will now be allowed to purchase up to 5 years of service credit for service in a U.S. service program such as the Peace Corps or Freedom Corps.

SB 282 Carolyn Squires
Revise workers' compensation laws
Chapter Number: 486 Effective Date: 7/1/2003

The waiting period for receiving temporary total workers' compensation benefits has been reduced from 5 days (40 hours) to 4 days (32 hours). Benefit eligibility will

start with the 5th day of wage loss. This bill applies to injuries occurring on or after July 1, 2003.

SB 447 Duane Grimes

Eliminate test for liability for disclosure of employee or former employee info
Chapter Number: 463 Effective Date: 4/21/2003

SB 447 repeals 27-1-737, MCA, which is a test for liability for nonpublic employers when they release information about an employee's performance. Public sector employers already have some immunity from such disclosures when performed as part of an "official duty."

Safety

HB 67 **Christine Kaufmann**
Revise laws relating to pedestrian traffic
Chapter Number: 374 **Effective Date: 10/1/2003**

HB 67 amends several sections of law and adds several new sections. HB 67 amends 20-3-106, MCA, the powers and duties of the Superintendent of Public Instruction to eliminate the statutory provision for school safety patrols. HB 67 amends 61-8-502, MCA to prohibit a vehicle operator from driving past a school crossing guard. This change in 61-8-502, MCA accommodates the change in 20-3-106, MCA which eliminated "school safety patrols." As amended, 61-8-502, MCA strikes "school safety patrols" and replaces that phrase with "school crossing guard."

HB 105 **Bernie Olson**
Revise laws related to vehicle operating requirements
Chapter Number: 352 **Effective Date: 10/1/2003**

HB 105 amends portions of a number of transportation-related laws, repeals one law, and creates a few new sections of law. A new section of law created under HB 105 is specific to school crossing guards. This law authorizes a public school district or the administration of a private school to organize and supervise school crossing guards for a school under their authority. Under this new provision, the responsibility to prescribe rules for identifying, training, and operating school crossing guards is placed with the Montana Department of Justice. The Department of Justice is to undertake its responsibilities for school crossing guards in cooperation with the Superintendent of Public Instruction and in accordance with the Department of Transportation's sign manual.

HB 112 **Jeff Pattison**
Allow vehicle to pass school buses stopped in designated turnouts
Chapter Number: 46 **Effective Date: 10/1/2003**

HB 112 amends 61-8-351, MCA by adding a description of a designated school bus pullout, and requires such pullouts to be approved by the local school board as a mandatory stop for receiving and discharging school children. HB 112 states that when a school bus receives or discharges school children in a designated school bus pullout, the requirements for motor vehicles to stop and for the bus to actuate its amber and red lights do not apply.

HB 269 Bob Bergren
Revise fire marshal laws
Chapter Number: 387

Effective Date: 10/1/2003

Fire inspections must be conducted in school buildings at least once each 18 months. The inspection must be conducted by the chief of the fire department of a municipality, district or fire service area or by a fire inspector of the Department of Justice.

HB 573 John Parker
Allow diabetes medication dispensation in schools
Chapter Number: 421

Effective Date: 10/1/2003

HB 573 creates new law allowing a parent or guardian of a diabetic student to designate a school district employee to administer glucagon (a specific diabetes medication) to the diabetic student in an emergency. Among its provisions, the new law states that the school district employee must agree in writing to accept the parental designation to administer glucagon; the designated employee must be trained in recognizing hypoglycemia and in the administration of glucagon; and that documentation of the training be filed with the school district. HB 573 also limits the liability of the "parent-designated adult" (i.e., the school district employee who has agreed to the parental designation to administer the diabetes medication glucagon in an emergency) and of the school district that employs the parent-designated adult.

HB 60 Joe McKenney
Exempt deaf & blind school from spending reduction
Chapter Number: 169 Effective Date: 3/28/2003

HB 60 prohibits the Governor from directing a reduction in spending for the Montana School for the Deaf and Blind in the event of a projected general fund deficit.

HB 88 Dave Kasten
De-earmark certain local government and school funds -- revise earmarking law
Chapter Number: 41 Effective Date: 7/1/2003

State law allocates one-half of the monies that the State of Montana receives under section 10 of the federal Taylor Grazing Act to the elementary BASE funding program. Prior to the passage of HB 88, the state distributed these monies directly to counties; the counties then remitted the monies back to the state through the elementary county equalization fund. Under HB 88, the state will deposit one-half of the Taylor Grazing Act monies into the state general fund and distribute these revenues to schools through the general fund appropriation for K-12 BASE aid.

HB 94 Bob Lawson
Revise public participation in open meetings
Chapter Number: 425 Effective Date: 4/22/2003

HB 94 amends 2-3-103, MCA to include a requirement that the agenda for public meetings include an item allowing public comment on any public matter not otherwise on the agenda and that is within the jurisdiction of the agency. School districts are included as agencies pursuant to 2-3-102, MCA. The agency may not act on a matter unless specific notice of the matter is included in the agenda and public comment has been allowed.

HB 135 Joan Andersen
Clarify use of tuition fund for schools
Chapter Number: 130 Effective Date: 3/26/2003

HB 135 authorizes a school district to use its tuition fund to pay the costs for a resident special education student who enrolls in a day-treatment program under an approved individualized education program at a private, nonsectarian school located in or outside of the student's resident district. The district of residence shall finance the tuition amount from the district tuition fund and any transportation amount from the transportation fund. The state will also reimburse districts' tuition funds for the per-ANB funding for students attending

private, nonsectarian day treatment programs during FY2004 and subsequent years. This bill affects payments for attendance in school fiscal years beginning on or after July 1, 2003.

HB 167 Clarice Schrumph

Revise state records management laws

Chapter Number: 30

Effective Date: 10/1/2003

HB 167 revises state records management laws to clarify the definition of state records, to require that each agency appoint a records coordinator, and to authorize the storage of permanent public records at locations other than the state archives or state records center.

HB 207 Jesse Laslovich

Revise property tax assessments and certification dates

Chapter Number: 34

Effective Date: 2/18/2003

HB 207 extends the deadline from the second Monday in July to the first Monday in August for the Department of Revenue to certify total taxable valuations to school districts and other taxing authorities. By the first Monday in August, the department must also deliver to the County Superintendent a statement of the total assessed value and total taxable value of all the property of the school districts in the county. Upon the request of a school district, the department must provide an estimate of the total taxable value within the district by the second Monday in July.

HB 206 Cindy Younkin

Change driver's license fee -- distribution

Chapter Number: 558

Effective Date: 7/1/2003

HB 206 changes the distribution of fees collected by the state for driver's licenses and for duplicate driver's licenses. A portion of these fees is deposited into the state traffic education account from which OPI provides a reimbursement to school districts for the cost of operating local driver's education programs. HB 206 reduces the percentage of fees allocated to the state traffic education account because the amount being collected is increasing. By reducing the percentage allocated to the state traffic education account, the amount deposited into the account should remain at the same level as in the recent past. Thus, reimbursements to schools should also remain at the level of recent years.

HB 333 Karl Waitschies
Interest on county funds credited to fund invested
Chapter Number: 214 Effective Date: 7/1/2003

HB 333 allows counties, cities and towns to credit interest from investments and deposits to any separately created fund in proportion to each fund's participation in the deposit or investment, rather than depositing the interest in the general fund.

HB 744 Edith Clark
Implement refinancing of services through DPHHS
Chapter Number: 576 Effective Date: 7/1/2003

HB 744 directs the Department of Public Health and Human Services to seek federal funds to offset general fund expenditures to the maximum extent possible. The bill also authorizes the Governor, in consultation with the Legislative Finance Committee, to exercise the option of entering into the Medicaid block grant program. The general fund savings may be used to reinstate services that have been cut during the 2003 biennium and to support the costs of the refinancing project.

HB 748 Ronald Devlin
Simplification of oil and natural gas tax distribution
Chapter Number: 522 Effective Date: 4/26/2003

HB 748 revises the method for distributing oil and natural gas production taxes to the state and to local taxing units. For each county with oil and gas production, the legislation establishes fixed percentages (in statute) for the allocation of oil and natural gas production taxes to the elementary and high school retirement funds, county transportation fund and school districts. The school districts' share of the tax allocation is divided up among the school districts in a county that have oil and natural gas production. The amount allocated to each producing school district is determined by the ratio that oil and natural gas production taxes attributable to production within the district bears to total oil and gas production taxes attributable to production within the county. The taxes received by a school district must be distributed to each fund in the relative proportion of the mill levy for each fund.

The Department of Revenue distributes the oil and gas production tax revenues to the county treasurer on a quarterly basis by August 1 (for the production quarter that ends on March 31), November 1 (for the production quarter that ends on June 30), February 1 (for the production quarter that ends on September 30), and May 1 (for the production quarter that ends on December 31). The act applies retroactively to tax revenue derived from oil and gas production occurring after December 31, 2002.

HJ 6 Dee Brown
Urge federal government to fund educational mandates
Chapter Number: N/A Effective Date: N/A

HJ 6 urges the United States Congress and President Bush to increase funding for special education so that the federal promise of providing states with 40 percent of the national average per-pupil expenditure required to serve children and youth with disabilities can be achieved. The federal share of funds under the Individuals with Disabilities Education Act, for the current school year, is approximately 17 percent.

HJ 11 Frank Smith
Urge federal increase in impact aid for schools
Chapter Number: N/A Effective Date: N/A

HJ 11 requests that Governor Judy Martz write a letter to the members of the Montana Congressional Delegation urging their support for a 7.5% increase in impact aid funding. The Secretary of State is required to send a copy of this resolution to each tribal government located on the seven Montana reservations and to the Little Shell Band of Chippewa.

SB 16 Jeff Mangan
School district territory transfer
Chapter Number: 151 Effective Date: 3/27/2003

SB 16 significantly revises the laws relating to school territory transfers following the Montana Supreme Court's declaration that the old laws on this subject were unconstitutional. See <http://www.lawlibrary.state.mt.us/dscgi/ds.py/Get/File-5973/99-045.htm>. SB 16 establishes procedures for school territory transfers and authorizes appeal of a County Superintendent's decision on a transfer petition to the state district court.

SB 97 Bob Story
Require submission of revenue amounts for retirement and transportation
Chapter Number: 276 Effective Date: 5/9/2003

Beginning with school fiscal year 2003-04, SB 97 requires County Superintendents to report to the Office of Public Instruction the revenue amounts used to establish the levy requirements for the county transportation fund and the county retirement funds. The revenue report must be completed on forms provided by the Superintendent of Public Instruction and are due to OPI no later than the second Monday in September.

SB 294 Kelly Gebhardt
Revise interest rate applied to refund of protested property taxes
Chapter Number: 511 Effective Date: 4/25/2003

Under existing law, all property taxes and fees paid under protest to a county or municipality must be deposited by the county treasurer in a special county fund designated for the tax protest. Under SB 294, any protested taxes that are paid on centrally assessed property, for levies that are imposed by the state, must be remitted by the county treasurer to the state treasurer. Upon receipt of the monies, the state treasurer deposits the portion of the funds levied for the six mill university levy to the state special revenue fund. The remainder of the funds remitted to the state must be deposited in the state general fund. If a tax protest is determined in favor of the protesting party, the taxpayer will receive a refund with interest. The interest will be calculated at the rate of interest earned by the state's pooled investment fund. The legislation applies retroactively to any tax appeal or tax paid under protest after October 31, 2000, except for refunds of property taxes made after October 31, 2000 and before May 1, 2003.

SB 307 Don Ryan
Revise school district investment laws
Chapter Number: 411 Effective Date: 10/1/2003

SB 307 revises school district investment laws, eliminates the requirement that districts establish separate investment accounts for each fund, and allows a district and county treasurer to negotiate the length of time that an investment agreement is binding. SB 307 also allows all district revenue, other than debt service revenue, to be sent directly to a district's investment account.

SB 424 Linda Nelson
Revise school finance; increase school facility entitlements
Chapter Number: 550 Effective Date: 5/1/2003

SB 424 increases the basic and per-ANB entitlements by 1.1% in FY2004 and 2.07% in FY2005. The specific entitlement amounts are shown as follows:

<u>General Fund Entitlements</u>	<u>FY2004</u>	<u>FY2005</u>
Basic Entitlement – Elementary	\$19,456	\$19,859
Basic Entitlement – High School	\$216,171	\$220,646
Per-ANB Entitlement – Elementary	\$3,949	\$4,031
Per-ANB Entitlement – High School	\$5,262	\$5,371

In FY2004, the amount of benefits that a school district or cooperative can charge to the retirement fund for federally-salaried employees is limited to the amount that the district charged to the retirement fund in FY2003 for federally-salaried employees. The limitation is on the dollar amount charged not the number of positions that may be charged.

Beginning in FY2005, school districts will only be able to charge the retirement fund for retirement benefits associated with employees paid from state and local funds or the school food services fund. Cooperatives will only be able to charge the retirement fund for retirement benefits associated with employees paid from the cooperative's interlocal agreement fund if the interlocal agreement fund is supported solely from districts' general fund and state special education allowable cost payments.

The HB 124 block grant for the county retirement fund is eliminated effective FY2004.

The HB 124 block grant for the district transportation fund is cut in half effective FY2004.

The HB 124 block grant for the debt service fund is eliminated effective FY2004.

The on-schedule pupil transportation rate is increased as shown below. The weighted ridership concept and the November ridership count for high school students are eliminated.

<u>Rated Capacity of School Bus</u>	<u>Reimbursement rate per bus mile</u>
Less than 50 passengers	\$.95
50-59 passengers	\$1.15
60-69 passengers	\$1.36
70-79 passengers	\$1.57
80 or more passengers	\$1.80

School facility reimbursements (paid to the district debt service fund) are increased to \$8,270,735 in FY2004 and \$8,411,293 in FY2005 in HB 2. The school facility entitlements and guaranteed mill value are increased in SB 424 to match the higher appropriation. In addition, eligibility for school facility payments has been expanded to include general obligation bonds sold before July 1, 1991.

SB 424 creates a combined fund block grant that schools may deposit in any budgeted fund of the district. The combined fund block grant replaces the HB 124 block grants to the district tuition, bus depreciation, building reserve, nonoperating, and adult education funds.

For 2003, school districts may cancel their general fund levy election and reschedule the election for any time prior to the adoption of the final FY2004 budget.

SB 424 establishes an automatic inflationary adjustment to the basic and per-ANB entitlements starting in FY2006. The inflationary adjustment will be used to determine the "present law base budget." The Governor may propose an education budget that is higher or lower than the present law base. The purpose of the present law base budget is to provide a basis of comparison for reporting the amount of "new money" for schools.

SB 441 Don Ryan
Allow school trustees to issue impact aid revenue bonds
Chapter Number: 492 Effective Date: 4/24/2003

SB 441 authorizes the trustees of a school district to issue "impact aid revenue bonds." Impact aid revenue bonds are defined as bonds that pledge and are payable solely from federal impact aid basic support payments. The maximum amount of impact aid revenue bonds that a district may issue may not exceed an amount equal to three times the average of the district's annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. At the time of issuance, the average annual payment of principal and interest on the bonds each year may not exceed 35% of the total federal impact aid basic support payment to the district for the current year. A petition calling for an election on the proposition of issuing school district bonds must specify whether the bonds will be general obligation bonds or impact aid revenue bonds.

SB 454 Bob Story
Revise the schedule of block grants for schools
Chapter Number: 518 Effective Date: 7/1/2003

SB 454 adjusts the county transportation block grants in FY2004 and years thereafter to account for incorrect reporting by counties of certain 2001 non-levy revenues sources. The adjustments are based on information collected by the Montana Association of Counties from county treasurers.

SB 460 Bob Story
Revise definitions applicable to metal mines license tax
Chapter Number: 342 Effective Date: 4/15/2003

SB 460 increases the deductions that are allowed in calculating taxable gross proceeds for the metal mines license tax and the metal mines gross proceeds tax. The increased deductions apply to production that occurs after December 31, 2003. For property tax purposes, the gross proceeds of metal mines are taxed at 3 percent of their value. The legislation is projected to reduce general fund collections from the 95-mill school equalization levy by \$41,000 per year beginning in FY2005. In school districts with metal mines production, the district taxable valuation will be reduced as a result of SB 460. The statewide taxable valuation is projected to be reduced by \$429,000.

SB 461 Bob Story
Mitigate effects of cyclical reappraisal
Chapter Number: 606 Effective Date: 5/9/2003

The purpose of SB 461 is to mitigate the property tax impacts of the increased taxable valuations that resulted from the 2003 reappraisal of residential property, commercial property, and agricultural land. The analysis presented to the Legislature indicated that,

without these mitigations, the 2003 reappraisal cycle would have increased class 4 residential property values by 20.2% statewide, class 4 commercial property by 18.5% statewide, and class 3 agricultural land by 15.3% statewide.

Three changes approved in SB 461 will affect the taxable valuation of real property for upcoming school fiscal years. The changes are a 6 year phase-in of the 2003 reappraisals, the lowering of the tax rates on class three and four property, and adjustments in the property tax exemptions for residential and commercial real property. SB 461 also allows an additional tax rate reduction for residential dwellings with extraordinary increases in value due to reappraisal.

SB 461 phases-in the 2003 reappraisal at 16.66 percent annually for the next six years until it is fully effective in tax year 2008. The next reappraisal will be phased-in beginning January 1, 2009.

The tax rate on class 3 and 4 property is lowered to 3.4% in tax year 2003 and continues to be reduced until it reaches 3.01% in tax year 2008. A portion of the market value of class 4 property is exempted from taxation according to the following schedule:

<u>Tax Year</u>	<u>Class 3 & 4 Tax Rate</u>	<u>Exemption Residential</u>	<u>Exemption Multi-Family Housing</u>	<u>Exemption Commercial</u>
2002	3.46%	31.00%	31.00%	13.00%
2003	3.40%	31.00%	31.00%	13.00%
2004	3.30%	31.40%	31.40%	13.30%
2005	3.22%	32.00%	32.00%	13.80%
2006	3.14%	32.60%	32.60%	14.20%
2007	3.07%	33.20%	33.20%	14.60%
2008	3.01%	34.00%	34.00%	15.00%

For tax year 2003, SB 461 extends deadlines relating to reappraisals, assessments, reimbursements, budgets, and collection of property taxes. Deadlines are extended "as necessary and reasonable."

SB 461 creates an interim property tax reappraisal study committee to study the effects of cyclical reappraisal and methods for mitigating the changes in taxable value caused by cyclical reappraisal. The legislation also creates an interim tax reform study committee to conduct a comprehensive examination of taxation in Montana and to study tax reform that may include revising the existing tax structure and considering alternative forms of taxation. The committees will submit reports and propose legislation to the 2005 legislature. The legislature appropriated \$60,000 from the state general fund for expenses of the committees.

STATE LANDS

HB 223 Bob Lawson

Authorize state land sale proceeds for state land purchases

Chapter Number: 355

Effective Date: 4/17/2003

HB 223 establishes a pilot "land banking" program for the sale and purchase of state school trust lands. There are numerous parcels of state land that are currently surrounded by private owners. These parcels have very limited income producing ability for school trust land revenues because of isolated nature. This program allows for a limited selling of these lands and using the money to purchase other land that has better income producing potential. If successful this should increase the overall value of school trust lands and generate more annual income.

HB 537 Bob Lawson

Require study to recalculate annual sustainable yield on forested state lands

Chapter Number: 440

Effective Date: 4/21/2003

HB 537 directs the Department of Natural Resources and Conservation, under the direction of the Land Board, to commission a new sustainable yield study for state school trust timber lands. A good deal of new information has been developed since the last study that was conducted 10 years ago. Currently the sustained yield level for timber harvest is 42 million board feet a year. If it is scientifically established that state land timber lands can be harvested at a higher sustained yield figure without damage to the timber base, it can mean additional dollars for the purchase school technology.

SB 130 Dan McGee

Revise laws on recreational use of trust land

Chapter Number: 596

Effective Date: 3/1/2004

People using state school trust lands for recreational purposes are currently required to purchase an annual permit at a cost of \$10. This law has been difficult to enforce and consequently the state has not received what many believe to be the full recreational revenue potential from these lands. SB 130 sets up a cooperative agreement between the Department of Natural Resources and Conservation and the Department of Fish, Wildlife, and Parks to include a \$2 fee when any person purchases a conservation license to hunt or fish. The revenues from the \$2 fee should increase recreational revenues from state school trust lands.

SB 409 Corey Stapleton
Development plan for Otter Creek tracts
Chapter Number: 318 Effective Date: 4/15/2003

Thanks to an historic 2002 Land Board Agreement with the Northern Cheyenne Tribe, the State of Montana received an estimated 533 million tons of federal coal lands known as the "Otter Creek Tracts." If these new state school trust lands can be developed, it would mean millions of dollars for Montana schools.

SB 409 requires the Department of Natural Resources and Conservation to begin environmental, cultural, and economic studies to increase the marketability of the Otter Creek Tracts.

when setting grazing lease rates

TEACHER RECRUITMENT & RETENTION

HB 154 **Ralph Lenhart**

Revise laws governing teachers' retirement system

Chapter Number: 174

Effective Date: 3/31/2003

HB 154 clarifies statutes governing the Teachers' Retirement System. Revisions included in this bill were not intended to enhance or detract from the benefits available to Montana's public educators. The most significant change made in this bill corrects an unintended consequence related to GABA and the 36-month waiting period. Retirees whose benefits are terminated when they return to covered employment will not have to wait an additional 36 months when they subsequently retire before they are again eligible for the GABA.

HB 178 **Nancy Fritz**

Allow certain retired teachers and administrators to work without loss of benefits

Chapter Number: 120

Effective Date: 7/1/2003

This bill allows retired teachers, specialists or administrators, who have been retired for at least 12 months, to be reemployed full-time by a "school" without loss of their TRS benefits. "Schools" under this proposal are limited to K-12 school districts, the Pine Hills youth correctional facility, the Riverside Youth Correctional Facility, and the Montana School for the Deaf and Blind. The University System is excluded. Employers will continue to pay the normal employer contribution rate (7.47%) on the salary paid to the TRS working retiree, and the bill will sunset in 3 years.

Failed Legislation -- Teacher Recruitment and Retention

HB 107 **Alan Olson**

Student loan repayment assistance for certain teachers

HB 133 **Larry Jent**

Professional retirement option for TRS members

HB 375 **Gary Matthews**

Revise teachers retirement laws - return to work

HB 662 **Dee Brown**

Minimum benefit allowance for teacher retired with less than 25 service years

SB 267 **Corey Stapleton**

Teacher signing bonus program
